BJP State Govt. is most corrupt: DKS

- KPCC President D.K. Shivakumar makes a brief stopover in city on way to H.D. Kote
- Praises Mysuru journalists and media as strong at MDJA interaction meet

KPCC President D.K. Shivakumar addressing the scribes at 'Meet-the-Press' event organised by MDJA at Pathrakartara Bhavan in city this morning as KPCC Working President R. Dhruvanarayan and MDJA President S.T. Ravikumar look on.

Mysuru, July 19 (RKB&DM)- Maintaining that the BJP Government in Karnataka is the most corrupt State Government in the country, Karnataka Pradesh Congress Committee (KPCC) President D.K. Shivakumar (DKS) asserted that the Congress would return to power with a thumping majority by winning more than 135 seats in next year's Assembly polls.

Shivakumar, who was on his way to H.D. Kote to take part in Kempegowda Jayanthi celebrations there, took part in 'Meet-the-Press' event organised by Mysuru District Journalists Association (MDJA) at Pathrakartara Bhavan in city this morning.

Holding journalism practised in Mysuru in high esteem, Shivakumar said that Mysuru has a very vibrant journalism and many journalists have made a mark at State and National levels. The local media too is strong, he said adding that the richness of Mysuru journalism should continue in the future too.

Recalling the rich tradition of Karnataka, Shivakumar said that he wishes to see Karnataka as '*Shantiya, Samruddhiya Thota*' as envisioned by great personalities like Kuvempu, Basavanna, Kanakadasa and Shishunala Shariff.

Launching a tirade against the BJP Government, the KPCC President contended that the common man was a distraught lot like never before as prices of essential commodities have been soaring by the day. Wondering what happened to the BJP's promise of 2 crore jobs, DKS said that the labour force has shrunk to just 60 lakhs, which is a cause of deep worry.

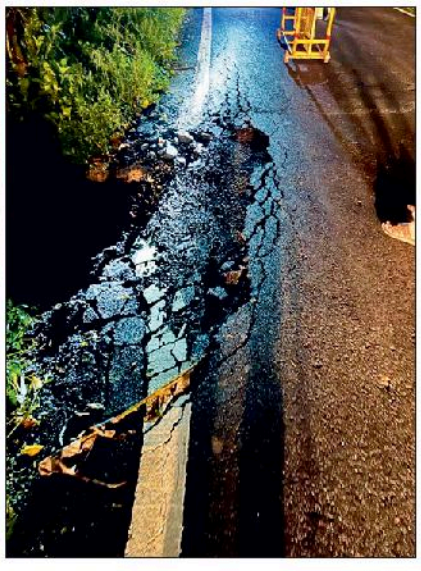
Traffic on Madikeri-Mangaluru alternative road restored



Madikeri, July 19 (Akshay &DM)- The traffic on the alternative Madikeri-Mangaluru Road passing through Mekeri and Talathmane, which was closed for vehicular movement for a few hours on Monday late night following landslide at two points — Mekeri and near Monnangeri — has been restored early this morning.

Following landslides last evening, the authorities had closed the road for vehicular movement and swung into action for clearing the road. After mounds of mud and boulders that had rolled on to the road were cleared, the authorities allowed vehicular movement by erecting barricades at the two landslide spots at Mekeri and Meenkolli near second Monnangeri.

The road was made one-way on the stretch close to these two points, with the authorities regulating traffic movement at both the points.

Yaduveer sensitises students on heritage monuments

Yaduveer Krishnadatta Chamaraja Wadiyar is seen addressing the students at Seshadripuram Degree College in city as** (from left) **Prof. K. Sowmya Erappa, Principal, Seshadripuram Degree College, B.A. Anantharam, Chairman, Dr. Wooday P. Krishna, Hon. General Secretary, Seshadripuram Educational Trust and N. Archana Swamy, Principal, SIPUC, look on.

Mysuru, July 19- Seshadripuram Degree College had recently organised a debate on the topic *"Archaeo Dialectics - An odyssey to unravel monuments buried in sands of time"* at its premises in city. The main objective of the session was to educate the students about the history and heritage of the bygone era.

The titular head of Mysore royal family Yaduveer Krishnadatta Chamaraja Wadiyar, who was the chief guest, spoke at length about the state of neglect of ancient monuments, many of which were on the brink of dilapidation.

Later in the interaction, he patiently answered to the questions posed by the students, where he put forth the idea of using science and technology in the realm of archaeology.

Batting for collaboration with foreign institutes that would have a sonorous impact, he asserted that monuments are indeed assets of our nation as they shed light on the society and culture of antiquity.

EDITOR'S BOTTOMLINE

The world has been amazed by the unprecedented display of righteous anger and courage by the citizens of Sri Lanka, as they channelled the widespread fury against the devastation caused by the economic crisis on their day-to-day existence. As civil society came together, it is apt to see this as a revolutionary moment in which an avaricious and apathetic political class has been humbled by people united by suffering. While external observers see this as a moment of truth for authoritarian leaders, power-hungry politicians and their ilk, it remains to be seen if political leaders in Sri Lanka themselves have drawn any lesson from it. Reports suggest that jockeying for power is going on on one side even as images of protesters overwhelming offices and residences associated with the rulers are going viral. Sri Lankans may expect that a change of regime will mean a new order that would usher in constitutional changes, policy reforms and reverse the trend of public interest being sacrificed for political ends. The next President should recognise this legitimate aspiration and refrain from any attempt to maintain the status quo, cover up the misdeeds that led the country to the current crisis or preserve the ill-gotten gains of office. — In The Hindu

VOICE OF THE READER

Disaster waiting to happen?

Sir,

The traffic on 2nd Main Road in Vontikoppal, in front of Nirmala Convent School, is heavy during School opening and closing hours. The road condition is appalling and problems galore:

1. Two-wheelers, three-wheelers and four-wheelers are used to drop/pickup kids are haphazardly parked without any consideration for road users & pedestrians. It is a common sight to see vehicles occupying half the road, causing traffic jam.

2. The road itself is in disastrous shape for many years. It has become even worse after the recent repair of the sewage lines and the road left with potholes & soft berm on either side.

3. The Main School Gate area has many projecting granite stones and God knows how many have tripped and got injured.

4. There are electric poles and haphazardly strung live wires above & if any snaps (caused by falling tree branches) we may have a major disaster.

5. There are senior citizens living in apartment complexes & houses nearby and it is impossible to take out their vehicle during this period. If there is a medical emergency needing evacuation of a patient, the golden hour will be wasted.

Hope the authorities concerned, the local administration, elected representatives, School Authorities and Traffic Police collectively survey the area and make changes on a war-footing.

The following suggestions may be considered:

1. Construct a 2ft wide, paved pathway (with appropriate slope to drain rain water), adjacent to School compound wall, starting from Gokulam Road end to 8th Cross Road end so that the kids walk through to reach their pick-up destinations, without swarming into the road and causing traffic hindrance.

2. Appropriate traffic-sense and social consciousness have to be driven into the heads of all drivers who come to pick and drop children. They must be asked to park vehicles appropriately. It would be necessary to post Traffic Police initially for a few days and subsequently post traffic volunteers.

3. School Authorities should consider posting additional security staff during peak period to regulate traffic (both pedestrian and vehicular) near main gate.

4. Asphalt and resurface the road while soft berms on either side be re-hardened.

5. Traffic authorities can consider making this road a one-way street during the rush hour.

6. CESC should seriously consider routing Electric Cables underground and bringing them up on light poles at appropriate places. Hope the authorities will wake-up soon to prevent mishaps occurring in future.

Bunts Sangha fetes students who excelled in SSLC, PUC

Yakshagana performances enthral audience

Mysuru, July 19 (RK&BCT)- Mysuru is the *Karma Bhoomi* of the Bunt community though Mangaluru and Dakshina Kannada are their place of origin. Known for its communal harmony, the members keep the social fabric intact and at the same time, they preserve their unique cultural identity, opined former Minister B. Ramanath Rai.

He was speaking after felicitating achievers from the community recently at a function organised by Bunts Charitable Trust and Bunts Sangha Mysuru at Asha Prakash Bunts Convention Hall in Vijayanagar III Stage. Students from the Bunts community who have scored the highest marks in SSLC and PUC were felicitated.

When land reforms were initiated by former Chief Minister D. Devaraj Urs, the Bunts, without losing heart, migrated abroad and also settled in places like Mysuru and Mumbai where one can still find the strong presence of the community, he added.

Many Bunts adapted to the local culture but kept their unique cultural identity. Several of them became entrepreneurs, hoteliers and many took up jobs. Bunts enjoy a high-ranking status in society. There are also those from the same community who do not enjoy the same social and economic status, he rued.

The entire community should be taken forward by uplifting fellow community members belonging to the lower strata of the society, he said, adding that the community should help in strengthening the society in a responsible manner.

The Bunt community had several laurels and achievements to its credit. Despite the land reforms which took away most of the ancestral land belonging to the Bunts, the community rose again by educating themselves and flourished, he said. The former Minister called upon the community to mingle with the other communities wherever they go and live in harmony.

Karnataka Hotel Owners Association President K. Gopala Shetty felicitated doctorate degree holders Dr. Srinivasa Shetty and Dr. Jagannath S. Shetty. 25 students from the community were feted by Ramanath Rai.

Bunts Sangha President T. Prabhakar Shetty presided over the event. MLA G.T. Devegowda, former MLA Vasu, Bunts Charitable Trust Managing Trustee Ganesh Narayan Hegde, Deputy Managing Trustees Suresh Alva, Tukaram Rai, Bunts Sangha Vice-President Sarvotham Shetty, General Secretary Nanjappa Shetty, Bhagavat Patla Satish Shetty and others took part.

After the event, there were Yakshagana performances 'Sreenivasa Kalyana' 'Abhimanyu' and 'Chakravyuha'. Hundreds of people watched the performances with great delight.

Woman employee cheated after taking loan in her name

Case registered against bag manufacturing company owner and his friend

Mysuru, July 19- Narasimharaja (NR) Police have registered a case against the owner of a bag manufacturing company and his friend on charges of taking bank loan in the name of a woman employee and failing to pay back the loan to the bank, thus cheating the woman employee. The woman employee has received a notice from the bank for repayment of the loan amount.

Cases have been registered against 43-year-old Venkateshmurthy, the owner of the company situated in Gandhinagar and his friend 33-year-old Rangaswamy. The woman employee, in whose name Venkateshmurthy and Rangaswamy had taken loan, is 30-year-old Yashodha, a resident of Gandhinagar.

Details: Venkateshmurthy and Rangaswamy, who wanted to take loan from the bank under Prime Minister's Employment Generation Programme (PMEGP), told Yashodha that the Government would give subsidy to the loan amount and lured her to take the loan and give it to them besides telling her that they would repay the loan amount and give the subsidy which the Government gives to her.

In 2015, they made Yashodha to file an application for the loan under PMEGP at a bank and had got the company named 'Yashavi Industries' registered in Yashodha's name.

On March 19, 2015, the bank sanctioned a loan amount of Rs. 19.30 lakh and Venkateshmurthy had purchased 22 sewing machines from the loan amount and had kept them in his factory. As Venkateshmurthy failed to pay the loan instalments to the bank, Yashodha received a notice from the bank on March 6, 2020 asking her to pay the principal amount with interest amounting to Rs. 31,63,816, following which Yashodha filed a case in the Court.

Following instruction from the Court, NR Police, who have registered a case against Venkateshmurthy and Rangaswamy, are investigating.

Bengaluru, July 19 (KMS&DM)- Just a day before the tenure of Jayadeva Institute of Cardiovascular Sciences and Research (Jayadeva Hospital), Bengaluru, Director Dr. C.N. Manjunath was to end (July 19), the State Government on Monday extended his tenure by a year (till July 19, 2023).

The Government issued an official notification in this regard on July 18, thus putting an end to the uncertainty over Dr. Manjunath's extension as Director of the largest Cardiology Hospital in the State.

With the Government not taking any decision even when a couple of days was left for the completion of the tenure of Dr. Manjunath, the Jayadeva Hospital faculty and staff had written a letter to the Government seeking extension of his tenure. Even a host of associations and organisations had warned of an agitation if Dr. Manjunath's tenure was not extended by the Government, considering his contribution for the growth of the Hospital. With pressure mounting on the Government, Chief Minister Basavaraj Bommai himself called Dr. Manjunath on Monday afternoon to inform him about the extension of his tenure, following which the official notification was issued later in the evening, it is learnt.

BJP State Govt. is most corrupt: D.K. Shivakumar

(Continued from page 1)

Making a diatribe against the BJP regarding handling of the COVID pandemic, KPCC President D.K. Shivakumar maintained that as a responsible opposition, the Congress party helped the people during distressed times by launching 'Arogya Hasta' initiative, donation of more than 1,000 ambulances, distribution of lakhs of food kits and medicine kits and other such deeds.

Contending that the BJP Government would have hushed up the death of 36 COVID patients at the Chamarajanagar District Hospital last year for want of medical oxygen cylinders, but for the Congress' vigilance and activism, the KPCC President alleged that the Karnataka Government was even hesitating to issue death certificate of persons who died of COVID pandemic, let alone providing relief and compensation to their families.

Strongly condemning the Government's alleged corruption in COVID medicine and equipment procurements and purchases, Shivakumar said that, overall, it is only the State Government that has to be blamed for its mishandling of the COVID situation that led to such a high number of deaths during the pandemic.

PSI recruitment scam

Referring to the PSI recruitment scam, the KPCC Chief said that the State had never seen such a huge scam. Arguing that the scam runs much deeper if a transparent probe takes place, he said that the arrest of an ADGP has brought shame to Karnataka.

Claiming that corruption prevailed at all levels in the current dispensation, he wanted to know why the Centre did not order a probe into 40 percent commission in awarding of contracts and payment of bills.

Averring that the people are very much fed up with the corrupt BJP Government, he asserted that there is no doubt about the Congress returning to power in 2023 Assembly Polls.

Replying to a question on the 75th birthday celebrations of former CM Siddharamaiah which has been labeled as 'Siddaramotsava', the KPCC President said that the Congress returning to power is more important than anything else. Stating that more than the person, it is ideology that matters in the Congress, he dismissed reports on factional feud in the Congress. "Congress and the High Command is most important for me. It is the High Command which decides the Chief Minister when the party comes to power," he said adding that he was committed to the party's decision on all matters.

KPCC Working President R. Dhruvanarayan, MDJA President S.T. Ravikumar, City Vice-President Anurag Basavaraj and General Secretary M. Subramanya were present.

Madikeri-Mangaluru alternative road

(Continued from page 1)

After the Madikeri-Mangaluru Highway was closed for vehicular movement a couple of days ago, the District Administration had asked motorists to take the alternative route from Madikeri, passing through Mekeri-Bhagamandala-Talathmane Junction to reach Mangaluru Highway.

The Highway will not be reopened for traffic until rain fury gets over and threat of landslide recedes. Heavy vehicles from Mangaluru side towards Mysuru are diverted at Sampaje on Mysuru-Mangaluru Highway. They are asked to take alternative route from Sampaje, passing through Talathmane-Mekeri -Virajpet-Gonikoppa-Hunsur-Mysuru, bypassing Madikeri.

Chamundeshwari Vardhanti tomorrow: Avail free bus facility from foothill

Mysuru, July 19- *Vardhanti* of Goddess Chamundeshwari will be held atop Chamundi Hill tomorrow (July 20). The festival is held in the month of *Ashada*, under Hindu *Chandramana* calendar.

Besides, *Ashada* is considered auspicious for the Goddess and devotees visit the temple on Fridays of the month in thousands.

As there is huge rush on Fridays, devotees visit the temple on Saturdays and Sundays during *Ashada* month. The procession of Goddess Chamundeshwari is taken out in a golden palanquin around Chamundeshwari Temple on the occasion.

The palanquin is brought from Mysore Palace for the *Vardhanti* celebrations. As per the tradition of the temple, members of the erstwhile royal family take part in the *Vardhanti*.

The *Vardhanti* is being celebrated on the day, when the then Maharaja Mummadi Krishnaraja Wadiyar of the Yadu Dynasty presented the *Utsava Murthy* of the Goddess to the temple. The Maharaja installed the idol in *Revathi Nakshatra* of *Ashada masa*, in the temple, in the early 19th century. Earlier, there was no *Utsava Murthy*. Since the Maharaja presented the idol, the *Vardhanti* is being celebrated, said Chief Priest N. Shashishekar Dixit.

The *Vardhanti* is celebrated only at Chamundeshwari Temple, atop the Chamundi Hill, among the temples of the Goddess, the Priest added.

It may be noted that the devotees were not allowed for the *Vardhanti* celebrations during the last two years, due to the COVID-19 pandemic.

Free bus facility

A dedicated fleet of 50 KSRTC buses has been provided and each bus can carry 50 devotees. This apart, there will be regular trips to Chamundi Hill from the City Bus Stand and this service will not be free.

The free bus facility from the Lalitha Mahal Grounds will be available from 3 am to 10 pm on all *Ashada* Fridays and from 7 am on Chamundeshwari *Vardhanti* day tomorrow.

Animal Husbandry Dept. District Deputy Director Dr. B.N. Shadakshara Murthy and staff offering 'Vighna Nivarana Puja' at goshala recently.

Mysuru, July 19 (GA&KS)- The goshala, which is coming up on a 10-acre plot at Ayarahalli in the taluk at an estimated cost of Rs. 1.85 crore and the construction job being executed by Karnataka Rural Infrastructure Development Corporation (KRIDC) is nearing completion and will be opened soon.

The Animal Husbandry Department, with an objective of providing shelter and care to stray cattle, is setting up the goshala on the outskirts of the city.

As there was no Government facility for sheltering stray cattle, owner-less cows and cows seized by the Police, private agencies such as the Mysore Pinjrapole Society used to take care of these neglected cattle.

Once the goshala starts functioning, stray cattle will be sheltered in this goshala, where they will also be taken care of, including their water, fodder and health needs. Almost all the works have been completed and fencing works around the goshala will be taken up soon and the goshala is expected to be inaugurated before Aug. 15.

Animal Husbandry Department District Deputy Director Dr. B.N. Shadakshara Murthy told *Star of Mysore* that all the works have been completed except for fencing and some little works. The goshala will be inaugurated by the Minister before Aug. 15.

"The goshala has all the facilities and Rs. 70 will be provided by the Government for each cattle head sheltered here. The Animal Husbandry Department, along with various organisations, with an aim of providing care to stray cattle, will seek grants and take care of stray cattle in a better way," Dr. Shadakshara Murthy said.

World Snake Day

Students sensitised on conservation and importance of snakes in ecosystem

Mysuru, July 19 (MTY&KS)- "Biodiversity plays an important role in maintaining the health and ecological balance in an ecosystem. All living organisms are in a complex food web and help to maintain a population balance. Without snakes, the number of prey species would increase to unnatural levels and destroy the stability of the ecosystem. Similarly, if a large number of snakes are killed, the predators that eat snakes will struggle to find food. Snakes are thus an important component of the natural environment," said city's snake rescuer and wildlife conservationist Snake Shyam.

He was speaking at an awareness programme on snakes organised as part of World Snake Day at the Government Primary School in Krishnamurthypuram on Saturday.

Continuing, he said that one should respect all living things and added that there is a lot of misinformation about snakes among people which has caused a sense of fear resulting in snakes being killed and the public are being urged not to kill the snakes.

Shyam later spoke about various snakes, their habitat, food chain, precautions to be taken to prevent snakes from entering houses and its surroundings, treatment for snake bites etc.

Wildlife Conservation Foundation Head Rajkumar D. Devaraj Urs, who too spoke, said that rescue and conservation of snakes should be done in a scientific manner. "Every living thing has its own lifestyle and their lifestyle will be disturbed during intervention by human beings. Without human intervention, every living thing can lead a peaceful life on its own. It is very important that children develop concern for protection and conservation of nature and environment," he added.

Congress leader and former Wildlife Warden N.M. Naveen Kumar recalled the services of Snake Shyam during the outbreak of COVID-19 pandemic and lauded his services of rescuing snakes, be it day or night.

Snake Shyam, Rajkumar D. Devaraj Urs, snake rescuers Surya Keerthi and Pradeep were felicitated on the occasion.

Melukote Vangipura Mutt Seer Sri Ilai Alwar Swamiji, Mysuru Hotel Owners' Association President C. Narayanagowda, former Zoo Authority of Karnataka (ZAK) Member Jyothi Rechanna, Parisara Snehi Team President Lohit, KMPK Charitable Trust President Vikram Iyengar, Ajay Shastri, Suchendra, Chakrapani, Teachers Champashree, Mamata, Divya and others were present.

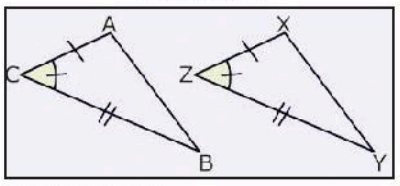
Speaking on the occasion, Nagendra said that he has provided Rs. 9.5 crore for developmental works in Loknayaknagar.

Pointing out that Loknayaknagar has remained a Revenue Layout as the land-owners there had converted their farmlands into residential sites, he said that Hebbal Main Road is one of the busiest roads in the region and as such, more funds have been provided for taking up civic works along the road and surrounding areas.

Corporator Pailwan Srinivas, MCC Deputy Commissioner Mahesh, BJP leaders Kumargowda, Puneeth, Tanuja Mahesh, Shubha, Satyavathi, Sanjeevini Kumar, Ramegowda, Appajigowda, Marudasegowda, Krishnappa and others were present.

WORD OF THE DAY

Postulate



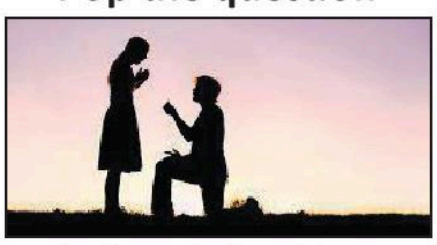
Pronunciation: PAHSS-chuh-layt.
Meaning: To postulate means to assume or claim something (such as an idea or theory) as true especially for the purposes of starting a discussion.
Origin: When you postulate an idea or theory you suggest that it is true especially for the purposes of an argument or discussion. The word is mostly at home in formal and academic contexts, but don't let that stop you from postulating, for example, that takeout for dinner makes sense given the cook's delayed return home from work. The word postulate also functions as a noun referring to something that's been postulated, as in "a theory based on disputed postulates." Both verb and noun have their source in Latin postulare, meaning "to assume."
Example: "Little is known about the Javan ferret badger (Melogale orientalis), such as its primary diet or breeding behavior, although some scientists postulate it's similar to the Bornean ferret badger (M. everetti), burrowing and eating eggs, carrion, invertebrates, small mammals and fruit when available." — Philip Jacobson

THE ODD WORD

Palaceous
Spade-shaped.

PHRASE OF THE DAY

Pop the question



Meaning: The phrase 'pop the question' is used when a guy asks a lady to marry him. (Nowadays it's also common that a woman asks man to marry her).
Origin: Even though this phrase sounds very modern and new – it was actually first heard back in the early 1500.
Example: "Michael popped the question last night! Andrea is delighted, she is more than ready to get married and settle down."
